

Women's Supported Accommodation Program

PRIMARY CARE CONNECT

The Supported Accommodation Program provides short term housing for women in recovery from alcohol and other drug issues as well as advocate to achieve long term housing.

Someone who is eligible for the program must be:

- Homeless, or at risk of homelessness
- Female, with or without children
- Post detoxification or rehabilitation for Alcohol and other Drug issues

The program is not a crisis service, however provides assistance with gaining transitional accommodation, support to obtain long term accommodation, as well as case management, referrals, advocacy and information.

The program is provided to those living in the Greater Shepparton area.
