

Youth Outreach program

PCC's **Youth Outreach Program** actively engages and connects with young people aged between 10 to 25 years, to provide tailored support and education to empower each young person who enters the program.

The program will:

- educate and empower young people on the harmful use of alcohol and other drugs
- work with you and actively listen to help identify your goals and aspirations
- treat you fairly, respectfully and with cultural sensitivity
- link in with other supports as required to ensure long-term support and positive change

Our **Youth Outreach Worker** is able to see you in a community setting, school or anywhere that is a safe environment for you and our worker.

The **Youth Outreach program** will provide services across Greater Shepparton, Strathbogie and Moira.

To find out more about our **Youth Outreach Program**, please contact our friendly Youth Outreach Worker on:

**(03) 5823 3200 - or call or text:
